FABRIC

Soft-weave textures and subtle yarn-like grains bring the warmth of textiles to hard surfaces, turning cabinets and panels into tactile focal points. Gentle striations and muted tones mimic woven weaves while resisting stains and wear, so aesthetics meet durability. Each pattern layers timeless elegance with modern performance, perfect for cozy lounges, refined offices, and boutique retail. Dress your spaces in fabric-inspired laminates that feel like home and stand up to everyday life.

WOOD

The wood series in laminates brings natural wood beauty to interiors with authentic grain patterns and rich textures. It features varieties like teak, walnut, oak, maple, and pine in colors ranging from light cream to deep brown. These laminates come in matte, gloss, and textured finishes that mimic real wood's tactile feel. They offer superior durability, moisture resistance, and easy maintenance at a lower cost than natural wood.
